COMPLETE SPECIFICATION.

Improvements in Spoons, Forks, or other Implements for use in Eating Ice Creams, Sweets, and the like.

I, ERNEST WILLIAM WHITE, of 28, Clouesley Street, Islington, London, N., Electrical Engineer, do hereby declare the nature of this invention and in what manner the same is to be performed, to be particularly described and ascertained in and by the following statement:—

My invention relates to spoons, forks and the like employed for eating edibles, particularly such as ice creams, sweets and the like.

I am aware that it is known to make sweets in shapes resembling animals, birds and other animate and also inanimate things but to the best of my knowledge entirely novel to form edible spoons, forks and the like for use with other edibles and this forms the feature of my invention, the spoons, forks or the like provided by me being entirely or partly edible and being served with ice creams or equivalent they can be consumed simultaneously or not as desired.

In the accompanying drawing

Figure 1 shows an edible spoon *a* inserted in ice cream or the like *a'* which is shown in a cup *c*.

This spoon being edible may be consumed with the ice cream or afterwards.

In Figure 2 the spoon consists of a bowl *a* and a short stem which are
